“ ”Music Mixer

1. Overview:
    - Music Mixer is an online platform for combining multiple music tracks into one. Our “ “Music Mixer is also similar; it combines multiple music tracks like Melody, Instruments, Bass and Drums into one, you can only choose 4 out of 8 tracks to combine it into one and the website we are willing to be using for the music tracks is epidemicsound.com. “ “ Music Mixer includes many other components as well, for example volume up-down button, mute button, reset button, pause/play button and restart button.
